

**Sub-Agreement on Articulated Degree Programs
By and between**

PKFokam Institute of Excellence, Cameroun

And

Department of Information Technology

**College of Computing and Software Engineering
Kennesaw State University, USA**

The provisions recorded below establish the principles and conditions by which Department of Information Technology, PKFokam Institute of Excellence (PKFokam), Cameroun and Department of Information Technology (IT), College of Computing and Software Engineering, Kennesaw State University (KSU), USA agree to cooperate in academic articulation degree programs. This sub-agreement, when appended to the KSU-PKFokam Mutual Association Agreement, will become part of that Mutual Association Agreement and be governed by the provisions set forth therein.

1. Objective

Based on the terms set out in the Mutual Association Agreement between PKFokam, Cameroun and Kennesaw State University, USA, Department of IT of PKFokam and Department of IT at College of Computing and Software Engineering at KSU agree to develop articulated degree programs in various formats. This agreement is only intended to support the transfer of students and coursework from the Department of IT of PKfokam to the Department of IT at College of Computing and Software Engizz at KSU. This agreement is not intended to support the transfer of students and coursework from KSU to PKFOkam.

2. Selection of Students

The qualification, selection and number of participating students of the program will be decided upon through mutual discussion between the institutions of each university participating in the program. PKFokam Students will follow standard international students' admission policy and process and procedures established by KSU.

3. Program Duration and Credit Transition

Undergraduate students from PKFokam will normally complete their coursework in about Three semesters, according to the policies and procedures of each university and the articulated course transfer agreement (Appendix A) attached to this agreement. Ordinarily, undergraduate students will complete approximately half their coursework at PKFokam after which they will transfer to KSU for the conclusion of the remaining coursework for a degree; however, the number of credits earned in each university is required to reach at least one-third of the total number of credits required for graduation at that university graduate credits. This agreement preserves for the individual student the decision of where the student will complete the last semester of study.

4. Course Offerings

The normal method of course delivery will be the traditional method of on-campus classrooms where students may interact directly with the professor and one another. However, where appropriate when

new technologies provide new methods of course delivery, these may be employed including but not limited to online, hybrid, and virtual classroom methodologies.

5. Degree Grant

PKFokam students who complete all KSU academic requirements in accordance with the articulated course transfer agreement (Appendix A) and the degree program requirements defined by the Department of Information Technology at KSU will receive a standard KSU degree. The awarding of the degree is governed by the laws of the State of Georgia and the policies of the University System of Georgia and KSU.

6. Registration, Suspension, Resumption, Termination, Expulsion

- A. PKFokam students will pay the tuition and fees in accordance with KSU policy at the time of registration. Tuition and fees will be paid by the student directly to KSU.
- B. PKFokam students participating in this program will be accorded the standard rights and responsibilities related to academic suspension, resumption, termination and expulsion according to the laws of the State of Georgia and the policies of the University System of Georgia and KSU.

7. Term and Termination

This sub-agreement shall become effective on the date of signing and is subject to the term and termination clause of the Mutual Association Agreement.

8. **Data Confidentiality.** The Parties shall ensure that all personal data is properly collected, stored, processed, secured, archived or destroyed in compliance with United States Federal, State and applicable international privacy laws, such as the EU General Data Protection Regulation 2016/679 (GDPR).

9. **Modifications.** Any modifications to this agreement must be made in writing and signed by all parties.
