The General Education Program

The General Education program offers a solid, comprehensive foundational academic experience for all Kennesaw State University students. In a series of interrelated courses in the liberal arts and sciences, it provides the opportunity for them to acquire the intellectual skills and knowledge characteristic of educated persons in a diverse, global community. Thus, it lays the basis for success in academic, professional, and personal arenas. Whereas the major program contributes

depth to a college education in a designated specialization, the general education core program provides breadth of understanding by providing an introduction, connection, and integration to a variety of disciplines needed by educated persons. At KSU, the General Education program consists of interrelated classes that develop skills for an informed, engaged, and capable citizenry. General Education at KSU is a campus-wide effort. With faculty representatives from every college and school, the General Education Council, headed by the Undergraduate Dean, oversees the continued development and refinement of this important, core program. The General Education Council also oversees assessment activities and continues to work with related programs (e.g., CLASS learning communities, First Year Experience Programs, and Honors Programs) in an effort to develop continuity for students. The general education program at KSU has five overall goals. While each individual course does not address every goal, over the course of the program, students should achieve the following:

52 University-Wide Degree Requirements

- Develop productive habits of mind
- Develop effective communication skills
- Expand knowledge and understanding
- Expand creative capabilities
- Exhibit understanding of the impact of ethical and aesthetic values

Throughout the university System, the General Education core curricula consists of 60 semester credit hours of which a minimum of 42 are in general education and 18 in major-related courses.

AREA F: COURSES RELATED TO THE PROGRAM OF STUDY - 18 CREDITS

See the individual majors for the specific requirements in this area.

Prerequisites

Students should attempt to schedule courses that serve as prerequisites for advanced study early in their academic career. Lower division courses are designed to serve as preparatory for upper division requirements.

Substitutions

Students with advanced standing credits or transfer credits for courses similar to those required in the general education program may be permitted to satisfy KSU's requirements through approved course substitutions. Students seeking such substitutions should contact the office of the Dean of Undergraduate Studies and University Studies.

Transferring Core Credits to KSU

Students with transfer credits from one University System of Georgia (USG) institution to another are guaranteed the transferability of their General Education courses if they meet two conditions. If students have satisfied all General Education requirements at one USG institution, they have satisfied all requirements at another—even if the requirements are different. Second, if students have completed any of the five areas specified by the Board of Regents (A through E) at one USG institution, they have completed that

area at another, even if the requirements are different. Please note, however, that additional courses may be required if they are prerequisites to major courses. These courses require a grade of “C.” To certify the completion of one or more areas, students should request a Core (General Education) Evaluation in the Registrar's Office.

Transferring Core Credits to Another USG Institution

Students transferring from KSU to another USG institution may take advantage of this policy by completing the general education program. Students transferring to KSU from another USG institution must complete the areas as specified by their previous college/university. To certify the completion of one or more areas, students should request a Core (General Education) Evaluation in the Registrar's Office.

Hours Required for an Undergraduate Degree

A baccalaureate degree contains a minimum of 120 semester hours (exclusive of Fitness for Living). Exceptions to the maximum degree length requirements have been made with the approval of the Board of Regents.

A baccalaureate degree program requires at least 21 semester hours of upper division

courses in the major field and at least 39 semester hours of upper division work overall.

Regents' Testing Program Requirements

Board of Regents' Procedure for the Regents' Test

Kennesaw State University has established its policies on the Regents' Test based on Board of Regents Policy 306. The text of that policy follows.

"An examination (the Regents' Test) to assess the competency level in reading and writing of all students enrolled in undergraduate degree programs leading to a baccalaureate degree in University System institutions shall be administered. The following statement shall be the policy of the Board of Regents of the University System of Georgia on this examination.

"The formulation and administration of the Regents' Test shall be as determined by the Chancellor.

"Each institution of the University System of Georgia shall assure the other institutions, and the System as a whole, that students obtaining a degree from that institution possess certain minimum skills of reading and writing. The Regents' Testing Program has been developed to help in the attainment of this goal. The objectives of the Testing Program are: (1) to provide System-wide information on the status of student competence in the areas of reading and writing; and (2) to provide a uniform means of identifying those students who fail to attain the minimum levels of competence in the areas of reading and writing.

"Students enrolled in undergraduate degree programs leading to the baccalaureate degree shall pass the Regents' Test as a requirement for graduation. Students must take the test in their first semester of enrollment after earning 30 credit hours if they have not taken it previously. (Institutions may not prohibit students who have earned at least 30 credit hours from taking the test for the first time.)

At an institution's discretion, students may be permitted to take the test during a semester in which they are not enrolled.

"Each institution shall provide an appropriate program of remediation and shall require students who have not passed both parts of the test by the time they have earned 45 credit hours to take the appropriate remedial course or courses each semester of enrollment until they have passed both parts.

"Students with 30 or more semester credit hours transferring from outside of the System or from a System program that does not require the Regents' Test should take the test during their first semester of enrollment in a program leading to the baccalaureate degree. Those who have not passed before their third semester of enrollment are subject to the remediation requirement.

"The Regents' test is not a requirement for an Associate of Applied Science degree or an Associate of Science degree in an allied health field, although institutions may choose to require the test for these degrees.

"A student holding a baccalaureate or higher degree from a regionally accredited institution of higher education will not be required to complete the Regents' Test in order to receive a degree from a University System institution.

"Scores on other standardized tests as specified by the Senior Vice Chancellor for Academic and Fiscal Affairs may be used to fulfill Regents' Test requirements. Such scores must be from a national test administration and must indicate a very high probability (at least 0.95) of passing the Regents' Test. Tests used to fulfill the essay requirement must include an externally graded writing sample."

Other Board of Regents policies are also pertinent.

1. The Regents' Test will be administered during one testing period each fall and spring semester after approximately ten to twelve weeks of instruction. The test will be administered on a flexible schedule during the summer.
2. Students whose mother tongue is other than English must first attempt the regular

56 University-Wide Degree Requirements

Regents' Test. If unsuccessful in passing that test, students may then take a test designed for international students. After attempting the international test, students must follow all policies and procedures regarding Regents' remediation.

3. For extraordinary situations, each institution shall develop special procedures for certifying the competence of their students in reading and writing. Such procedures shall include provision for remediation if needed and for formal examination prior to certifying competency. Such examination shall equal or exceed the standards of the Regents' Testing Program.
4. Certain students with learning disabilities or severe test anxiety may receive special administration of the Regents' Test.
5. A student may request a formal review of his/her failure on the essay component of the Regents' Test if that essay received at least one passing score among the three scores awarded, and if the student has successfully completed the courses in English composition required by the local institution. This review will be conducted in accordance with board-approved procedures.
6. Remedial work as required under the above policy shall be in keeping with regulations in satisfaction of federal and state student financial assistance and such other eligibility programs.
7. These regulations shall not prohibit institutions from increasing requirements affecting the Regents' Testing Program.

KSU Recommendations Regarding the Regents' Test

The following information about the Regents' Test is applicable to all KSU students enrolled in undergraduate programs leading to the baccalaureate degree. Registration for the Regents' Test is available on-line during the normal registration periods at <http://www.kennesaw.edu>.

1. Students must take the test in the first term after they have earned 30 credit hours. To assure compliance with this requirement, a hold will be placed on the registration of all students when they reach 30 hours and will

not be removed until they have registered for the test in the Registrar's office.

2. Students who transfer into KSU with 30 or more credit hours must take the test during their first term of enrollment. These students, as well, will have a hold placed on their registration to assure that they register in the Registrar's office for the test.
3. Students who have not passed both parts of the test by the time they have earned 45 credit hours must take the appropriate Regents' preparatory course for remediation each term of enrollment until they have passed both parts. If they have failed the writing portion of the test, they must register for ENGL 0020; if they have failed the reading portion, they must register for READ 0020.
4. Transfer students who have not passed both parts of the test by their third term of enrollment must also take the appropriate Regents' remedial course (ENGL 0020 or READ 0020) each term until they have passed both parts.
5. Students whose native language is not English and who fail either portion of the test are eligible for an English as a Second Language (ESL) version designed specifically to accommodate their language difficulties. Information about this test can be obtained from the ESL director in the Department of University Studies.
6. Students with documented learning disabilities may be eligible for a special administration of the test. Students should contact the Office of Disabled Student Support in the Student Development Center. Students with severe test anxiety may be eligible for a special test administration. Further information is available in the Department of University Studies.
7. Students must be enrolled in KSU to be eligible to take the test or receive tutoring.
8. Students are encouraged to take English 1101 and 1102 as early as possible in their academic career in order to be prepared for the test. Additional assistance is available in the Writing Center (Humanities 237).
9. Students taking the test must present a picture identification card in order to be admitted to the testing site. They will be

permitted to use an English dictionary during the final 15 minutes of the essay portion of the test.

10. Students wishing to appeal the results of the essay portion of the test should follow the procedure outlined in the following section.

Regents' Test Appeals

Students wishing to appeal the results of the essay portion of the test should contact the Director of the Writing Center who will determine their eligibility for appeal. (At least one of the three readers must have passed the essay.) The appeal will then follow this procedure.

1. Three (3) faculty members, designated by the institution as a review panel, conduct an on-campus review.
2. The on-campus review panel may (1) sustain, by majority opinion, the essay's failing score, thus termination of the review process, or (2) recommend, by majority opinion, the re-scoring of the essay by the Regents' Testing Program central office. The student will be notified concerning the results of the on-campus review.
3. If the on-campus panel recommends re-scoring of the essay, that recommendation will be transmitted in writing, along with a copy of the essay, to the office of the system's director of the Regents' Testing Program. The director will utilize the services of three (3) experienced Regents' essay scorers other than those involved in the original scoring of the essay to review the essay, following normal scoring procedures for the essay component of the Regents' Test. The decision of this panel on the merits of the essay will be final, thus terminating the review process. The student will be notified, through the institution, concerning the results of the review.

Academic Standing Classification of Students

Undergraduate students are classified into levels on the basis of the number of credit hours they have earned as follows:

Level	Number of Credit Hours Earned
Freshman	0-29
Sophomore	30-59
Junior	60-89
Senior	90 and above.

Classification of Courses

The courses of instruction for degree credit in the curriculum of the university are divided into three categories: lower division, upper division and graduate. Lower division courses (typically regarded as freshman and sophomore level courses) are numbered 1000-2999; upper division courses (typically regarded as junior and senior level courses) are numbered 3000-4999; and graduate courses are numbered 5000 and above. Graduate courses are open only to students accepted to graduate study. (Courses numbered below 1000 do not count for degree credit but do count for determining fees and enrollment status.)

Fitness for Living Requirement

All students entering Kennesaw State University are required to take the Fitness for Living Course (HPS 1000). The University wants students to understand the importance of physical activity, nutrition, stress and weight management, and health-related fitness components. Students will have an opportunity to assess selected fitness, nutritional and activity patterns, and to develop and participate in a personalized physical activity program.

ENGL 1101 and 1102: The Campus Writing Requirement

At Kennesaw State University English 1101 and 1102 (English Composition I & II) are required for all undergraduate degrees. A grade of "C" or better is required for English 1101 and 1102.

Graduation Requirements

To be considered for admission to candidacy for a degree, students must make formal petition to the faculty for the degree. The chart below indicates the earliest and latest times that students may petition to graduate. Petition

58 University-Wide Degree Requirements

forms are available in the Office of the Registrar and must be returned, once completed, to the Office of the Registrar. To be eligible to receive a baccalaureate degree, a student must meet the following requirements:

Term of Graduation	Earliest Time to Petition	Latest Time to Petition
FALL	Week of Final Exams in Previous <i>Spring Semester</i>	End of First Week of Classes in <i>Fall Semester</i>
SPRING	Week of Final Exams in Previous <i>Summer Term</i>	End of the First Week of Classes in <i>Spring Semester</i>
SUMMER	Week of Final Exams in Previous <i>Fall Semester</i>	The First Day of Classes in the <i>8-week Summer Session</i>

1. Complete the required General Education courses, with a grade of "C" or better in ENGL 1101 and ENGL 1102 (or equivalents, if a transfer student).
2. Complete the chosen program of study with the grade of "C" or better in all courses listed under the major, including those listed as Lower Division Major Requirements.
3. Complete a minimum of 123 semester hours with a minimum cumulative grade point average of 2.0 on all course work attempted at KSU. No course may be counted more than one time in meeting the total credit hours required for the degree.
4. Have at least a 2.0 adjusted grade point average (AGPA) and at least 30 earned hours of credit for KSU coursework not excluded because of repeated courses or "fresh start" status. If the student has fewer than 30 earned hours of credit for non-excluded KSU coursework, he/she must have a 2.0 cumulative grade point average.

5. Complete at least 39 semester hours of upper division (courses numbered 3000 or higher) work overall.
6. Complete at least 30 semester hours in residence at Kennesaw State (Coles College of Business requires 33 hours). At least 20 of the last 30 semester hours preceding graduation must be earned in residence. In addition, 24 semester hours of the upper level major requirements must be earned in residence at KSU.
7. Complete satisfactorily the University System of Georgia Regents' Testing Program (required of all persons receiving a degree from any institution in the University System of Georgia).
8. Complete successfully History 2112 and Political Science 1101 or pass examinations in these fields (to satisfy the Georgia General Assembly's requirement that all graduates of units of the University System of Georgia demonstrate competency in United States and Georgia history and the constitutions of the United States and Georgia).
9. In all instances, meeting the requirement for graduation is the responsibility of the student.

It should be noted that program and course requirements and university policies are subject to change without advanced notice. Changes in policy and requirements enacted by the Board of Regents take precedence over existing university policies and requirements. The University will make reasonable efforts to accommodate students affected by such changes, but reserves the right to determine where and to what extent it will grant exceptions to new policies and requirements. In such cases, program requirements that were published in University catalogs that are more than 10 years old will not be honored without specific approval of the department chair responsible for the program.

The University may elect to apply the policies or program requirement of an earlier catalog if the student was enrolled at the time that the earlier catalog was in effect. Students will not be permitted to mix or split requirements for graduation from more than one catalog, except as follows:

Students who enter KSU as degree seeking students under the quarter system and finish under the semester system will be allowed to choose either the quarter or semester requirements to complete their degrees. Students should consult with academic advisors to obtain information about the transition.

Graduation Ceremonies

Graduation ceremonies are generally held at the end of fall semester, spring semester, and summer term.

Graduation with Honors

An overall adjusted grade point average of at least 3.5 is required for students to graduate cum laude, 3.7 to graduate magna cum laude and 3.9 to graduate summa cum laude from a baccalaureate program. Graduation with honor requires that students earn at least 60 semester credit hours in residence at Kennesaw State University for the bachelor's degree. Students enrolled in the Accelerated Bachelor's-Master program must contact the Registrar or the Graduate Dean to determine eligibility.

To receive honors at graduation, "second degree" and "fresh start" students must have at least 60 earned hours of credit at KSU after the "second degree" or "fresh start" status was granted. In addition, for honors, students who have repeated courses must have at least 60 earned hours of credit at KSU after the hours for the repeated courses have been excluded.

Double Majors

An undergraduate student is eligible to have a double major recorded on the transcript and to graduate with two majors under the following conditions:

- 1) all of the requirements for two KSU degree programs are satisfied, including all residency and institutional requirements for each major; and
- 2) the second major contains at least 21 semester hours of upper division course work beyond the courses required for the students first major and general education requirements.

Second Degrees

Students who have earned a baccalaureate degree from an institution regionally accredited by the Commission on Colleges may obtain a second baccalaureate degree from KSU by satisfying the following requirements:

- Meet all major requirements listed for the chosen program of study.
- Complete the Georgia Legislative history and Constitution requirements.
- Students earn at least 30 semester hours in residence at Kennesaw State University. If the first baccalaureate degree was earned at Kennesaw State University, this 30 hours must be in excess of any hours used towards the first baccalaureate degree.
- Complete (for students with majors in the Bagwell College of Education) the lower division major requirement courses in Education.
