

Fueling the Mind & the Body: New Faculty Success
2006-2007 Conversation & Lunch Series

The workshops listed below are intended to provide you with opportunities to explore important core values, strategic initiatives, and issues that previous new faculty identified as essential to their success. We hope you will add these sessions to your calendar and make them a priority during the coming year. In an effort to minimize scheduling conflicts, most of the sessions will be offered twice in a particular week and scheduled when few classes are offered (Tuesday & Thursdays, 12:30-2:00). Each session will be held at the CETL House and lunch will be provided through the generosity of the KSU Foundation. We look forward to seeing you there!

Session Titles & Dates:

All meeting dates will be from 12:30 – 2:00 PM at the CETL House
