Incoming Freshmen are strongly encouraged to complete Engl 1101 their first semester, Engl 1102 their second semester, and Engl 2110 their third semester. Engl 2110 is the prerequisite for all required English courses beyond the general education level.

Once Engl 2110 has been completed, English Education majors should take Engl 2140 and Engl 2150 as soon as possible. These are our two gateway courses.
