

Resetting Your Navbar to Default

If you do not see the Simple Syllabus option within your course navbar, the following guide will show you how to change your D2L Navbar back to the default setup.

1. Login to [D2L Brightspace](#) using your **KSU credentials**.
2. Navigate to your **course**.
3. From the *Course Navbar*, click on **Course Admin**.
4. Under *Site Setup*, click on **Navigation & Themes**. You will see a list of Navbars available for your course.
5. In the list, locate *Course Navbar*, and it will have a note stating it was, created for the 10.2 upgrade.
6. Select the **drop-down** under the *Active Navbar* menu, and select the Navbar labeled **Course Navbar**.
7. Click **Apply**.

Note: If you wish to just add Simple Syllabus to your customized Navbar, follow [How to customize the D2L Brightspace Navbar](#).
