

Dante Ambrosetti

About me

Hello, my name is Dante Ambrosetti and I have always had an interest in websites and video game user interfaces.

I create website layouts, business branding, and innovative packaging designs. I strive to create eye catching work that communicates information effectively, and looks aesthetically pleasing.

Skills

- . UX/UI design through Figma, Adobe XD, and HTML/CSS coding
- . Typography and branding creation
- . Product development and packaging design
- . 3-D modeling and sculpture
- . Illustration and comic layouts
