Profile

I am a digital and UX designer based in Georgia, as well as an animator. Design visuals that are both outstanding and captivating. I thrive on expressing joy and excitement via design, blending several unique aesthetics to bring into the world a whole new perspective from my design.

To express my creativity in a different way when I'm not working, I enjoy making quick animations as a side hobby.

Experience

August 2023–December 2023

Graphic Design Internship at Copley Visual, Atlanta, GA

- Help maintain the brand identity by creating and enforcing design standards
- Produce print-ready artwork for production

May 2019–May 2020

Prepress Specialist at National Print Wholesale, Atlanta, GA

- Generated prepress proofs in digital and other formats to approximate the appearance of the final printed piece.
- Performed minor deletions, additions, and corrections to design and prepare for print.
- Implemented effective strategies to improve efficiency in the pre-press department; streamlined workflows resulted in cost savings.
