Career Coach Spotlight!

In BUSA 4150, students meet with Career Coaches who are experts in their fields.

The Center for Student Success asked Russell Spears (Economics & Quantitative Analysis, Finance) three questions to learn more about him.

- Question: What made you want to serve KSU as a career coach?
- Answer: **I wanted to bridge the gap between THEORY and APPLICATION of what our students are studying. That bridge gets bumpy, and I wanted to be there for students so that there is no derailing.**
- Question: What has been your favorite or most influential role?
- Answer: **My most influential role has been the hub for networking for the students. More specifically, students use our team as a compass.**
- Question: What would you do with a one-week getaway to anywhere?
- Answer: **One week would consist of half mountains, half beach. To be detailed, half skiing in Colorado and half in Hawaii.**
