Course Forecast Template

Block 1 = 8 AM - 3 PM
Block 2 = 3 PM - 11 PM

=offered fully in a block/modality
=offering will cross blocks

Principles of Biology I	BIOL 1107																											
Principles of Biology I Laboratory	BIOL 1107L																											
Principles of Biology II	BIOL 1108																											
Principlese of Biology II Laboratory	BIOL 1108L																											
Ecosystem Ecology	BIOL 3250K																											
Genetics	BIOL 3300																											
Genetics Laboratory	BIOL 3300L																											
Introduction to Biotechnology	BIOL 3301K																											
Invertebrate Zoology	BIOL 3310K																											
Vertebrate Zoology	BIOL 3315K																											
Plant Morphology	BIOL 3320K																											
Medical Genetics	BIOL 3327																											
Histology	BIOL 3338K																											
Microbiology	BIOL 3340																											
Microbiology Laboratory	BIOL 3340L																											
Ecology	BIOL 3370																											
Ecology Laboratory	BIOL 3370L																											
Freshwater Ecology	BIOL 3371K																											
Behavioral Biology	BIOL 3375K																											
Evolutionary Biology	BIOL 3380																											
Cell Biology	BIOL 3410																											
Molecular Genetics	BIOL 4100K																											
Parasitology	BIOL 4115																											
Industrial Microbiology	BIOL 4200																											
Ecological Genetics	BIOL 4242K																											
Plant Systematics	BIOL 4322																											
Comparative Vertebrate Anatomy	BIOL 4350K																											
Developmental Biology	BIOL 4390K																											
Seminar	BIOL 4399																											
Plant Physiology	BIOL 4420K																											
Plant Ecology	BIOL 4422K																											
Human Physiology	BIOL 4431																											
Human Physiology Laboratory	BIOL 4431L																											
Toxicology	BIOL 4440																											
Case Studies in Forensic Science	BIOL 4455																											
Immunology	BIOL 4465																											
Virology	BIOL 4475																											
Mycology	BIOL 4476																											
Bioethics	BIOL 4486
