College:	Clarice C. and Leland H. Bagwell College of Education
Department:	School of Instructional Technology and Innovation
Program:	Instructional Technology, MEd

Program Student Learning Outcomes

Upon completion of this degree from KSU, students will be able to:

1. Locate, read, and discuss research relevant to common issues in PK-12 education.
2. Continually improve their practice by learning from and with others and exploring proven and promising practices that leverage technology to improve student learning.
3. Seek opportunities for leadership to support student empowerment and success and to improve teaching and learning.
4. Inspire students to positively contribute and responsibly participate in the digital world.
5. Dedicate time to collaborate with both colleagues and students to improve practice, discover and share resources and ideas, and solve problems as indicated in the following.
6. Design authentic, learner-driven activities and environments that recognize and accommodate learner variability environments.
7. Facilitate learning with technology to support student achievement of the ISTE Standards for Students.
8. Understand and use data to drive their instruction and support students in achieving their learning goals.
9. Plan, provide, and evaluate the impact of professional learning for educators and leaders to advance teaching and learning with technology.
