

SHIP AND GRA PLAN INFORMATION

The University System of Georgia offers healthcare to students and Graduate Research Assistants. It is a requirement for all graduate students to maintain Affordable Care Act (ACA) compliant medical coverage. Graduate students are automatically enrolled in the Student Health Insurance Plan (SHIP), through UnitedHealthcare Student Resources Insurance, upon completing course registration. Students who provide adequate documentation of other coverage (through parents, a spouse, another employer, the ACA marketplace, etc.) can waive out of the SHIP requirement. Graduate Research Assistants also have the option of enrolling in the USG GRA plan instead of the SHIP. The USG encourages graduate students to compare all options available to them to determine what best meets their needs. International students may have additional requirements and/or restrictions associated with their visa status and should consult with the appropriate campus resource for further detail. Enrollment in both plans is **not allowed**.
