

2025 Student Success Summit Attendee Submission Form

Name:

Date:

The Radow College Student Success Summit provides a space for members of the college to share and discuss their experiences and strategies. In order to receive a \$500.00 award, faculty attendees must attend the event and identify at least one practice they learned from the summit to integrate into an upcoming course. Both confirmed attendance at the event and a completed submission of this form by June 1, 2025, are required for funding to be earned. **Please email this form as an attachment to: oai@kennesaw.edu**

1. Identify a New Activity or Assignment: Please describe the activity or assignment you learned about during the conference. How does it work, and what are its key components?

2. Integration into Teaching:

How do you plan to integrate this activity or assignment into your teaching? Provide specific details on how you will implement it in your classroom.

3. Alignment with Learning Outcomes:

How does this new activity or assignment align with the learning outcomes of your course?
Which specific outcomes does it support?\

4. Assessment Plan:

How will you assess the effectiveness of this activity or assignment? What criteria or methods will you use to evaluate student performance?

5. Implementation Plan:

Outline your plan for implementing this activity or assignment. What are potential challenges that you anticipate?

6. Connection to Student Success:

In what ways do you believe this activity or assignment will improve student success in learning? Consider aspects such as engagement, further understanding, and scaffolding student development.

Reflection on the Student Success Summit Experience

7. Overall Impressions:

What were your overall impressions of the conference? What aspects did you find most valuable? What feedback would you like to provide to the conference organizers? What did they do well, and what could be improved?

8. Sessions Effectiveness:

Which sessions or workshops did you find most effective and why? Were there any that did not meet your expectations? Why?

9. Future Directions

Based on your experience at the summit, what areas of your teaching do you feel need further development or exploration?

10. Assessing Your Engagement

Reflect on your experience at the Student Success Summit and your role in fostering a culture of continuous improvement and innovation at KSU. What were the most valuable insights you gained, and how do you feel they will impact your teaching? In what ways did these interactions enhance your professional network and contribute to your professional development?
