Four Corners Exercise Overview – Face-to-Face with Sample Exercise, Topic List, and Reflection Prompts

Objective: Encourage students to explore different perspectives and engage in active discussion by physically moving to different corners of the room based on their opinions or answers to a question.

Description: In the Four Corners exercise, students move to one of four corners of the room based on their response to a prompt or question. Each corner represents a different perspective or answer. This activity promotes critical thinking, discussion, and understanding of diverse viewpoints.

Steps to Facilitate the Activity:

- 1. Introduction:**
 - Explain the purpose and objectives of the Four Corners exercise.
 - Emphasize the importance of exploring different perspectives and engaging in active discussion.
- 2. Prepare the Room:**
 - Designate four corners of the room and label them with different responses or perspectives.
 - Ensure there is enough space for students to move around comfortably.
- 3. Pose a Question or Prompt:**
 - Present a question or prompt related to the course material that has multiple possible responses or perspectives.
 - Example: "Which approach to solving climate change is most effective?"
- 4. Student Movement:**
 - Ask students to move to the corner that best represents their response or perspective.
 - Encourage students to think critically about their choice.
- 5. Group Discussion:**
 - Once students are in their chosen corners, facilitate a discussion within each group.
 - Ask students to explain their reasoning and share their thoughts with others in the same corner.
- 6. Cross-Corner Discussion:**
 - After the initial group discussion, have representatives from each corner share their perspectives with the entire class.
 - Encourage respectful dialogue and consideration of different viewpoints.
- 7. Reflection:**
 - Facilitate a reflection session where students discuss what they learned from the activity.
 - Encourage students to reflect on how exploring different perspectives can enhance their understanding of complex issues.
