

Course Attribute Dashboard- Approver Guide

A dashboard user with an Approver role has access to certain assigned courses. This role has the ability to approve requested attribute changes for the attribute group to which the role is assigned. The approver role allows the user to access courses in the Courses to Approve section of the dashboard Course List page.

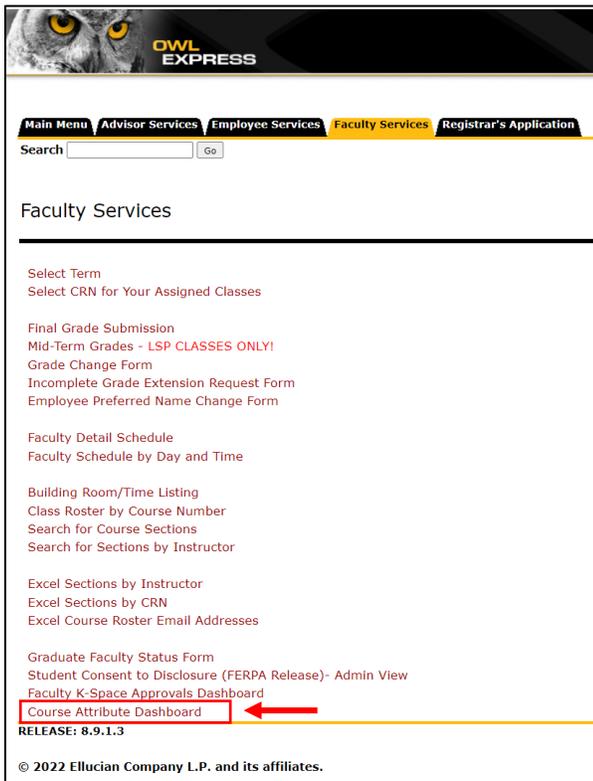

As an Approver, the dashboard user selects a term to process and selects requests to approve, deny, or send back for further action. The Approver is required to enter a comment if denying or sending a request back. The dashboard will display verification of the actions and email this information to the Approver and to the Maintainer who requested the changes upon completion of the requests.

Accessing the Dashboard

1. Navigate to Owl Express: <https://owlexpress.kennesaw.edu/>
2. Select the “Faculty Services” or “Schedule Builder Tab

3. Select “Course Attribute Dashboard”

Using the Dashboard as an Approver

1. Check for “Ready to Review” email

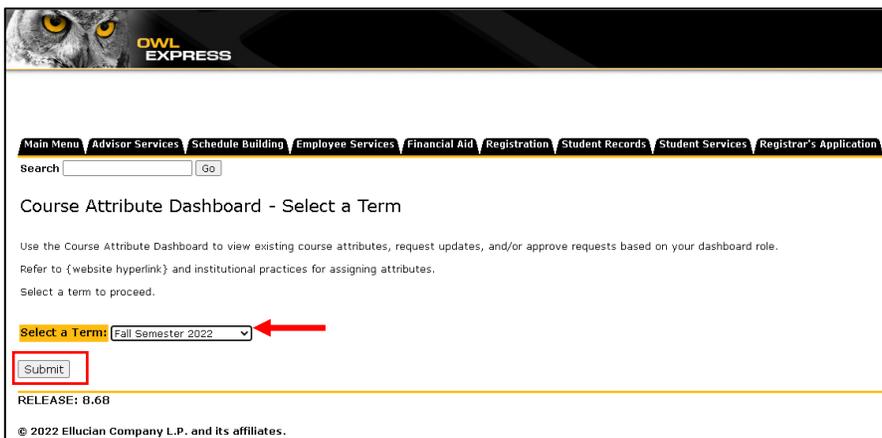

When requests are submitted, the Approver(s) for the attribute group will receive an email with the subject “Course Attribute Dashboard Ready to Review”. This message will contain basic details about the request.

2. Select term to process

On the Course Attribute Dashboard - Select a Term page, select a term to process. The dropdown term list will only display current or future terms.

Click Submit to see the Course Attribute Dashboard - Course List page.
