

KENNESAW STATE UNIVERSITY and GEORGIA MILITARY COLLEGE TRANSFER ARTICULATION AGREEMENT

Agreement in Principle

This agreement formally recognizes that Kennesaw State University (KSU) and Georgia Military College (GMC) are committed to the establishment of an educational partnership to better serve currently enrolled and future students at both institutions. Both parties agree to exercise due diligence in providing as smooth a transition as possible for students who elect to transfer to KSU from GMC.

Agreement on Accreditation

This agreement is contingent upon the continuation of all appropriate program and institutional accreditations, including the Southern Association of Colleges and Schools-Commission on Colleges (SACS-COC) and those from professional bodies.

Agreement on Admission

Any GMC student who graduates from Georgia Military College with an Associate of Arts or Science degree is guaranteed admission into Kennesaw State University provided that the student has met the following requirements:

- Earned 30 transferable semester hours or 50 quarter transferable hours
- Earned a minimum GPA of 2.0 out of a 4.0 scale for all college course work attempted
- Submitted all required materials within the appropriate deadlines
- Submitted an online application to KSU with the required application fee.

The guarantee of admission is to KSU only and does not guarantee acceptance into specific majors or programs that are competitively based or that have admission and course requirements beyond the minimum for the institution.

Once a GMC student has been accepted to KSU, a transfer credit evaluation will be completed by the Office of the Registrar. Prior to evaluation, transcripts from all institutions attended must be on file. The Office of the Registrar completes the evaluation, and a notification is sent to the student's email account with instructions on how to access their evaluation electronically.

Agreement on Acceptance of Transfer Credit

Kennesaw State University accepts transfer credit in accordance with the policies, rules and practices of the University System of Georgia, SACS-COC and its mission as a comprehensive state institution. The KSU course equivalency is determined by the Office of the Registrar in collaboration with academic departments and is based on criteria such as course content, course outcomes and the level at which the course is taught.

Courses transferred from GMC with a common course name, and number are guaranteed to transfer if those same courses are included in the KSU curriculum.

In addition, a student who transfers from Georgia Military College with an accredited Associate of Arts or Science degree will transfer into KSU with Areas A-E of the Core complete. Students who have not completed core or pre-requisites for admission to specific majors or programs of study at KSU will be required to complete them before being considered for admission into a specific major or program of study. Georgia Military College transfer students may complete such requirements at KSU.

Please note that KSU has specific requirements for the two laboratory science classes required in area D. For maximization of transfer credits, contact the Registrar's office at KSU.

Agreement on Communication

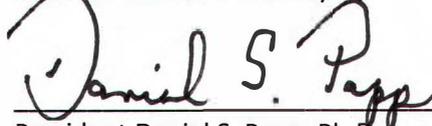

Kennesaw State University and Georgia Military College agree to cooperate in the publication and promotion of the articulation agreement between the two schools. Both parties will facilitate the dissemination of information about this program to interested and qualified students, with both institutions providing counseling and advisement.

Agreement on Maintenance and Review

At least one administrator or faculty member from each institution will be appointed to act as a primary point of contact and agent for the implementation of this agreement, to speak for the institutions, and to communicate details and modifications to respective faculty members, advisors, counselors, and others to whom the information is pertinent. Responsibility for oversight of this agreement rests with the Registrar at Georgia Military College and the Registrar at KSU.

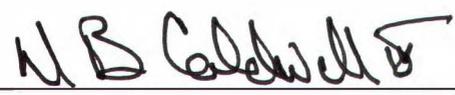

This agreement is open to all Georgia Military College students regardless of race, color, religion, gender, age, creed, national origin or disability. Review and communication of degree content changes will be completed on an annual basis. Additional degrees may be added to this agreement upon formal request. This agreement will be automatically renewed unless one of the parties notifies the other of its desire to terminate the agreement. Such notification must be in writing and submitted six months in advance with the effective date to coincide with the last day of the academic term under which it falls.
