2. Find an account: The user will be presented with the following screen. Clicking on the link provided, Pivot-RP system will send an email with the final instructions that will associate the users' account to the Single Sign-On login.

Pivot-RP	
One last step is needed to complete your account set-up Sorry for the hassle! We were unable to finish creating your account, as it looks like an account already exists with your email address. Don't worry there's an easy fix! Just click on the following link. This will send you an email with a link asking you to confirm you want to connect your SSO/Institutional login credentials with your existing Pivot-RP account. After confirming you will be all set.	
If your email is in our system, because you have registered with us previously using your email and password, then you will need to take an extra step, and confirm that you have rights to use those credential details with the SSO. We will send you an email with a link to confirm that you are the legit user of that email.	Using my account credentials Email Enter your email address Password Enter your passwo
Clarivate About Pivot-RP Privacy Terms of Use Cookie Policy Cookie	Forpot your password? Sign In Don't have an account? Create account exchange

Example of email that a user with an account in Pivot-RP will receive to finish Pivot-RP SSO settings.

Clicking on the email's link will redirect a user to Pivot-RP home page. An informational pop-up message will confirm that the activation has been successful.

In the case that a user was registered on Pivot-RP with more than one institution, an extra step will be required before finishing with the SSO login setting.
