Evaluation Criteria and Procedures

The College Awards Committee will look for originality, creativity, productivity, and for evidence of outstanding teaching and mentoring. Factors to be considered will also include teaching load, course level, and some form of the evaluation of teaching from students and colleagues. Nominations will be evaluated by a college committee including one member from each of the department colleges. Because members serving on this committee may not be experts in the nominee's field, it is important that nominations be submitted in language understandable to faculty in other disciplines.
